

The following are signatures to the Open Letter to President Barack Obama, written in response to his Open Letter to the LGBT Community. All who have signed have read and agree to the letter in its entirety.

President Obama through Executive Order or in cooperation with the United States Congress, we respectfully urge you to grant full equality to all Americans, regardless of sexual orientation or gender identity. Specifically, we implore you to hold true to your promises made to the LGBT community in your Open Letter to the Gay Community. This includes the rapid repeal of DOMA and Don't Ask Don't Tell. This also includes enacting a fully inclusive Non-Discrimination Act (ENDA), the Matthew Shepard Act, confronting the HIV/AIDS epidemic and stigma surrounding it, and amending the Uniting American Families Act to afford same-sex couples the same rights and obligations as married couples in our immigration system.

Please keep your promises to the LGBT community and provide the leadership needed to achieve true equality for all Americans.
